Poulner Vision for Geography

At Poulner Infant School and Nursery the children appreciate the awe and wonder of the world. Our intent is to inspire our children to have a curiosity and fascination about the world around them and the people living in it. The children will strive to make sense of the world and their place in it.

Poulner Values	Creativity	Challenge	Collaboration

Intent	Implementation	Impact
• Rich and challenging curriculum • Builds on first-hand experiences • Confidence to engage with global issues and creative solutions • Engage with our local area including Poulner Lakes and the New Forest • Opportunity to explore British Values • Gain Cultural Capital in real life	• Cross-curricular exploration • Engaging visits • Making use of the local context • Ignite natural curiosity and creativity • Builds upon prior experiences and knowledge • Ensures deeper understanding of the world around • Gain confidence through challenging questioning • Use increasingly specific vocabulary • Notice patterns within enquiry • Prepare children for real life tasks – choosing work place, travel destinations • Work collaboratively to make positive changes to the local environment • Collecting and presenting data • Accessible to all learners • Opportunities for speaking, thinking, deciding, looking and questioning	• They can follow lines of enquiry. • They are curious about the World around them and how it might change. • They are aware of local and global issues. • They have a greater World knowledge. • They can read maps at different scales with increasing accuracy. • They know that as Geographers they play a role in shaping the World around them. • They work collaboratively to discover more about the world around them.

 I will be resilient and not be scared to make mistakes. I will stay focussed on my learning, even if it gets tricky. I will persevere, even if it isn't what I thought it would be after my first attempt.	 I will reflect, make changes and try again. I will ask questions to help me to improve or make changes. I will challenge myself to evaluate my work and make amendments.	 I will find a strategy that best helps me solve a problem. I will look for possibilities to enhance my creativity and deepen my knowledge.	 I will listen to opinions. I will work collaboratively to reach the best outcome for all. I will support those around me.	 I will show respect to my peers by listening. I will be kind and helpful to those around me. I will share my ideas to support my peers.
